

Technical Sheet

Identification datas

Product Name **ARCOLOR**

Description Chromatic effect foaming detergent for external washing.

Properties:

ARCOLOR is a detergent with chromatic effect used in arches with foaming nozzles which completes the washing process after the action of prewashing agents: The soft coloured foam which ARCOLOR creates removes the residual dirt and polishes the painted parts. At the recommended concentrations, ARCOLOR does not corrode paints, aluminium, chromework, nor plastic parts even the regenerated ones.

Physical Classification

State	Liquid		
Colour	Purple		
Scent			
Solubility in water	Total		
pH T.Q.	13 ca.		
Density			
Chemical classification	Anionic solution		

Usage

Tune the drift of intake, so that the system would create a rich coloured foam. During the rinse operation the foam will progressively loose its colour.
